PHILGBC Hosts World Green Building Council - Asia Pacific Network Meeting in Panglao, Bohol, Philippines

Makati City, Philippines - September 8, 2023 - The Philippine Green Building Council (PHILGBC) is proud to announce its hosting of the highly anticipated World Green Building Council - Asia Pacific Network (WorldGBC-APN) Meeting. The event will take place at the beautiful Modala Beach Resort in Panglao, Bohol from September 25-27, 2023.

The announcement of this prestigious gathering was made by PHILGBC CEO, Christopher C. de la Cruz, on September 8, 2023, as part of celebrations of the National Green Building Day in line with Presidential Decree No. 1030 S. 2020. The meeting marks a significant occasion for PHILGBC as it coincides with the organization's month-long celebration of Green Building Month this September.

Leaders and representatives from various National Green Building Councils across the Asia-Pacific Region are expected to attend this important event. The meeting will provide an invaluable platform for knowledge exchange, collaboration, and the sharing of best practices to drive sustainable building practices within the region.

Christopher C. de la Cruz, PHILGBC CEO and WorldGBC-APN Vice Chair, expressed his enthusiasm for the event, stating, "We are honored to have the opportunity to host this esteemed event. As an organization committed to advancing sustainable building practices, this meeting underscores our dedication to fostering collaboration and driving positive change within the Asia Pacific building industry."

The World Green Building Council - Asia Pacific Network Meeting will bring together influential industry leaders, policymakers, and sustainability advocates, paving the way for collaboration and innovation in the pursuit of a greener built environment. Throughout the course of the event, attendees will engage in panel discussions, interactive workshops, and networking activities, all geared towards advancing sustainable building practices in the region.

About PHILGBC:

The Philippine Green Building Council (PHILGBC) is a non-stock, non-profit organization that promotes the transformation of the built environment through sustainable practices. Established in 2007, PHILGBC seeks to be a united and influential national movement promoting green building practices towards mitigating climate change. As a member of the World Green Building Council, PHILGBC actively contributes to global efforts in creating a sustainable built environment.
